

# Nonlinear Temperature Effects on Forestry Harvest Volume in Quebec, Canada: Implications for Log & Bolts, Pulpwood, and Firewood Production under Climate Change\*

Jinqi Guo      Young Joseph Chung      Steven

Aug 20, 2023

## Abstract

An overview of the study’s objectives, methods, key findings, and implications, condensed into a brief summary.

## Table of contents

<b>1</b>	<b>Introduction</b>	<b>3</b>
1.1	Background on Quebec’s forestry industry and its economic importance. . . . .	3
1.2	Brief mention of climate change impacts on forestry globally. . . . .	3
1.3	Objective and scope of the current study. . . . .	3
<b>2</b>	<b>Data and Methods:</b>	<b>3</b>
2.1	Data Sources: . . . . .	3
2.2	Methodological Approach: . . . . .	3
<b>3</b>	<b>Results</b>	<b>3</b>
3.1	Temperature Thresholds: . . . . .	3
3.2	Projected Harvest Volume Changes: . . . . .	3
<b>4</b>	<b>Discussion</b>	<b>3</b>
4.1	Comparison with Crop Findings: . . . . .	3
4.2	Implications for Quebec’s Forestry Industry: . . . . .	3
4.3	Potential Adaptation Strategies: . . . . .	3
<b>5</b>	<b>Conclusion</b>	<b>3</b>
5.1	Summary of key findings. . . . .	3
5.2	Emphasis on the importance of proactive adaptation and policy measures. . . . .	3
5.3	Suggestions for further research, possibly expanding the scope to include other climate variables or regions. . . . .	3

## List of Figures

## List of Tables

# 1 Introduction

1.1 Background on Quebec's forestry industry and its economic importance.

1.2 Brief mention of climate change impacts on forestry globally.

1.3 Objective and scope of the current study.

# 2 Data and Methods:

2.1 Data Sources:

2.2 Methodological Approach:

# 3 Results

3.1 Temperature Thresholds:

3.2 Projected Harvest Volume Changes:

# 4 Discussion

4.1 Comparison with Crop Findings:

4.2 Implications for Quebec's Forestry Industry:

4.3 Potential Adaptation Strategies:

# 5 Conclusion

5.1 Summary of key findings.

5.2 Emphasis on the importance of proactive adaptation and policy measures.

5.3 Suggestions for further research, possibly expanding the scope to include other climate variables or regions.

# 6 Acknowledgments

# 7 References

# 8 Appendices
